

Gomiero Marco

Curriculum Vitae

About Me

I am a tech enthusiast since I was young and actually I am a MSc Computer Engineering Student at the University of Padua. I have more than 3 years of experience in developing Android applications. I am really interested in IoT, Wearable Devices and bot. I am a co-manager of the Google Developer Group Venice so I organize events and sometimes I attendee to them as a speaker. Beyond of programming, I am a Tech Journalist and videomaker at ZeroMag, an Italian Web Site (zeromag.eu); I like to try and test tech stuff and talk about it.

Education

- 2016–
